

Affordable Custom Homes

Building Custom – One Dream at a Time

TYSON CONSTRUCTION is a family-owned business. Larry, Patricia and Zachary Tyson have a combined total of over 50 years of building affordable homes. You can rely on us to be here for you long after your move-in date. Our reputation depends on your satisfaction.

TYSON CONSTRUCTION can help you find the location that will fit your lifestyle if you don't already have a lot. In addition, our realtors are ready to help you market your present home or locate a home that's perfect for renovation. Whether you are looking to build, renovate, or sell, we're here to help!

TYSON CONSTRUCTION is proud to have been the recipient of the Best of Home Award for Best Contractor, presented by New Orleans Homes and Lifestyle Magazine in 2015.

"Amazing builder...The Tysons have an incredible work ethic and always put their clients needs first....We are so pleased with the home they built for us and feel truly blessed to have been in capable hands." - THE FAURIES

"We were very pleased to have Tyson Construction build our new house. From developing our plans through final completion, Patricia, Larry and Zach were a pleasure to work with. They built us a quality home with attention to detail and craftsmanship." - THE KELLEYS

Building Excellence into Your Home

Through Quality Products, Craftsmanship & Expertise

Tyson Construction has standard features that you might not expect. Hardwood flooring and custom solid-wood cabinets belong in any custom home, and custom tiled showers are a given. However, some of our standards are quite unusual for any builder. Repurposed products, such as antique cypress doors, will definitely make your home a unique creation.

Quality and attention to detail are not catch phrases with Tyson Construction. They are our promise to you. Years after a project is completed, we want you to look back and truly appreciate the care and quality that we put into building your home. We want you to be proud of the home you live in. That's our mission, and we'll work diligently for you to achieve it.

"We were building it long distance so it was important that we had builders who were trustworthy, honest and easy to work with. We found all of these in the Tysons."

- THE ARCENEAUXS

"I had complete faith in them and never worried. I honestly don't think my husband and I experienced any of the stress or anxiety people typically complain about when building a home.

I could not imagine a more pleasant home building experience and highly recommend them to anyone looking to build." - THE HOOTERS

"Larry, Patricia and Zach were so nice, honest and easy to talk to.....From our first meeting to present day, it has been such a pleasure to work with the Tysons....Their attention to detail is unmatched. I think one of the best decisions I have ever made was to pick up the phone and call Tyson Construction." - THE HARVEYS

Operation Finally Home

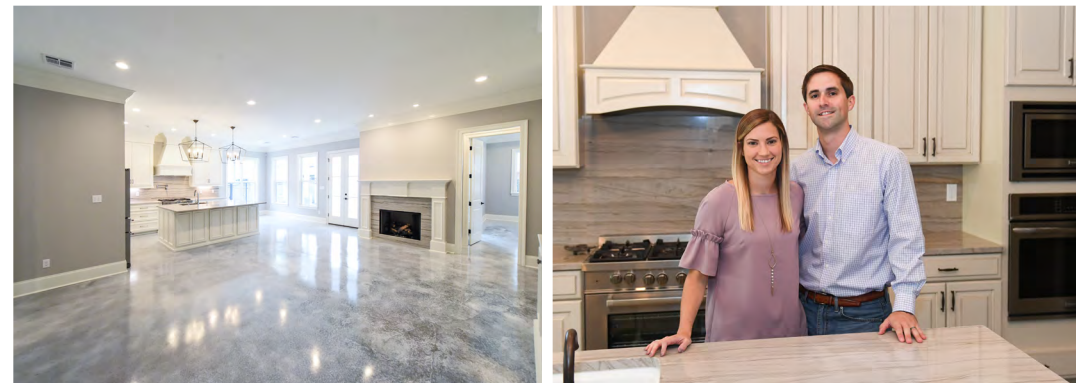

In late 2014 we collaborated with Operation Finally Home, a non-profit organization based in Texas, along with Southern Living magazine, to help coordinate the design and construction of a mortgage free home for a wounded veteran. The home was designed with the wounded veteran's physical and physiological needs in mind, and features the latest in HVAC technology, along with curb-less entryways, a curb-less shower access, levered door handles and wide doorways. Groundbreaking occurred in the summer of 2015 and construction of the home officially started in late 2015 in St. Charles Parish.

Through countless donations from the local building community along with lots of hard work under an aggressive schedule, the home was completed in January of 2016 and dedicated to the veteran and his family. To date, Operation Finally Home has facilitated the construction of 100 mortgage free, custom homes around the country. We are proud to say this was the first Operation Finally Home project in the state of Louisiana.

Customized To Match Your Lifestyle
